FOR IMMEDIATE RELEASE

EXCELA HEALTH REMAINS AMONG NATION'S HEALTHIEST 100 WORKPLACES

GREENSBURG, PA., November 6, 2018... Excelsa Health has been recognized for the fifth year in a row as a Healthiest 100 Workplace in America, an awards program presented by Healthiest Employer, LLC.

The top 100 employers were recognized in September at the Fitbit Captivate conference in Chicago. The winning organizations were honored for their commitment to employee health and exceptional corporate wellness programming. Excelsa Health was one of 20 health systems ranked among the nation's Healthiest 100, and #12 in the overall list.

Award applicants were evaluated in six key categories: Vision, Culture/Engagement, Learning, Expertise, Metrics and Technology. Applicants were evaluated with the proprietary Healthiest Employer Index, a 1 to 100 metric for wellness programming. The winning organizations have achieved lasting success through a wide array of employee wellness initiatives and corporate wellness programs.

"Promoting a culture that blends wellness and safety is a strategic focus for Excelsa Health because it's the right thing to do for our employees and their families, and ultimately the patients in our care." said Laurie English, Excelsa Health Chief Human Resources Officer. "Our efforts produce results that can be modeled by other employers to improve the overall health status of our community. Continued recognition for our accomplishments validates that we are achieving our mission by improving the health and well-being of every life we touch – beginning with our employees."

Since 2011, Excela Health also has been recognized among the Healthiest Employers in Western Pennsylvania.
